PROFESSIONAL SUMMARY

Results-driven Software Developer with expertise in Python, JavaScript, React.js, and Django, delivering production-grade web applications with REST APIs, JWT authentication, and CI/CD pipelines. Skilled at architecting end-to-end solutions from database schema design to responsive interfaces. Dedicated to clean, maintainable code and continuous learning.

EDUCATION

Bachelor of Science in Mathematics | 2022 – 2025

S.I.V.E.T College, Chennai

TECHNICAL SKILLS

Languages: Python · JavaScript · SQL · HTML · CSS

Frameworks: Django · Django REST Framework (DRF) · React.js · Bootstrap · Django ORM

Frontend: React.js · React Router · Context API · Bootstrap · Responsive Design

Backend: Node.js · Express.js · REST APIs · JWT Authentication

Databases: PostgreSQL · MySQL · SQLite · Schema Design · Query Optimisation

Architecture: REST API Design · MVT · RBAC · SDLC · OOP

Tools: Git & GitHub · Postman · VS Code · Vite · Node.js / npm · Vercel · Render · Cloudinary

PRACTICAL DEVELOPMENT EXPERIENCE

Full Stack Development & Self-Learning Projects

2026–Present

- Developed multiple web applications using React.js and modern JavaScript.
- Built RESTful APIs and implemented secure authentication systems.
- Practiced Git version control and deployment workflows.
- Applied responsive design principles and frontend optimization techniques.
- Worked on real-world projects focusing on scalability and maintainability.

PROJECTS

E-Commerce Website

TechStack: React.js · Node.js · Express.js · MongoDB · JWT Authentication · Cloudinary · Django · PostgreSQL

- Built a production-ready full-stack e-commerce platform with secure JWT-based user authentication and role-based access.
- Implemented product search, filtering, wishlist, shopping cart, and complete order management system.
- Integrated Cloudinary for efficient image upload, storage, and optimized media delivery.
- Designed fully responsive UI supporting seamless experience across mobile and desktop devices.
- Deployed frontend and backend independently using modern cloud platforms (Vercel & Render).

Personal Portfolio Website

TechStack: React.js · JavaScript · CSS · HTML · Vercel

- Designed and developed a professional portfolio website to showcase projects, skills, and achievements.
- Built with responsive layouts and smooth UI interactions for an engaging user experience.
- Deployed on Vercel with custom domain and optimized for fast load times.

Smart Todo Application

TechStack: React.js · Django · JavaScript · CSS

- Designed and developed a feature-rich task management app with full CRUD operations and priority tagging.
- Implemented task completion tracking, local data persistence, and real-time UI state management.
- Created a clean, responsive interface with efficient filtering, sorting, and task organization features.

CERTIFICATION

Python Full Stack Development — Code Pilot, Chennai · Completed March 2026 · 4-Month Intensive Programme covering Python, Django, React.js, REST APIs, SQL & Agile workflows
